WHAT IS ICON?

The national Illustration Conference, ICON, is committed to providing a forum for an ongoing dialogue that serves the illustration, design, publishing, advertising, and academic communities. Its purpose is to provide a platform for the most influential illustrators and industry leaders to address, in a timely manner, the most pervasive issues facing the profession. Illustration Conference (ICON) is a 501 C-6 nonprofit organization of illustrators and is an entity in itself. ICON remains the only national conference specifically for illustrators and the graphic arts community providing an unprecedented forum for the creativity, inspiration and drive that captivates the profession.
